General Lew Wallace, in his report of the battle of Shiloh, thanks a Chaplain in the fol-

Rogers, Chaplain of the 23d Indiana. After the battle he was unwearied in his attention to the wounded, and that the resting places of the dead of his regiment might not be forgotten he collected their bodies and buried them tenderly, and with prayer and every religious rite, and this, as far as my knowledge goes, he was as singular as be was Christian."

FREE NEGROES -The influx of free negroes into this State of late, has been the subject of great complaint. There is a law against the settlement of free negroes in the State, and this law is being enforced in many places. The Fort York. Four similar cases were before the same magistrate to-day. All were adjudged guilty and sentenced accordmgly.

from Yorktown. HEADQUARTERS, ARMY OF POTOMAC. May 2, 1862.

The correspondent of the Associated Press sends the following: The rebeis opened this morning with their rifled columbiads, sixty-eight pounders, planted

on the hights of Yorktown. Our No. 1 battery of 160 and 200 pounders Parroits, was then brought to bear on the only gun which had given us any trouble; our shots falling over and around it with every prospect of its being very soon dismounted, when on its Are selling very freely and prices are somewhat twenty third discharge the enemy's gun burst persons were standing on the parapet within six feet of it, pesides those who were hid from view

shells into the town. About 100 shots were fired by our guns up t 2 o'clock this afternoon, when all firing ceased. A rebel steamer came down the river and attempted to land at Yorktown, but was prevented by a few shots from our 100 pounder Parrot. The rebels kept up a continual fire all last night on our men in the trenches. The only casualties were the wounding of two men.

The weather is again pleasant. If it should continue, you can look out for startling news from this quarter, as the work laid out is approaching completion. Joseph Docker, company G, Berdan's Sharp Shooters, was wounded and taken prisoner. BEFORE YORKTOWN, May 2 .-- Prof. Lowe has

From Washington. Washington, May 2 - The current report that General McDowell has crossed the Rappahannock and occupied Fredericksburg is untrue. Tele-

graph communication is established with him. Dispatches from General Halleck dated to-day say nothing of the reported evacuation of Corinth. It is discredited. Desertions from the rebel army here continue to be numerous. They are coming - in daily, almost hourly, from various directions, and all agree in their statements of the rebel force being about 100,000 and of a very general depression of spirits among both officers and eduously from them.

The New York Times has the following special dispatch: The town was startled by a rumor to day that all the members of Congress of the border slave States and a number of conservative sympathisers from other States were seriously considering the propriety of withdrawing in a body from the Senate and the House, and thus precipitating a decision by the people of the whole country on

Now I learn in so many words, directly, and not indirectly, that the subject matter of such amnesty measure is actually under consideration, and may soon be issued: the whole depending on the immediate success or defeat of our army. I was told some 6 time ago, that such amnesty would be extended to all except Davis and his Cabinet and the Confederate Major and Brigadier Generals, with a few prominent and eminent civilians.
